### ***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In The Specification:

At page 17, line 6 insert the heading, -- A Brief Description of The Drawings --.

### ***Reasons For Allowance***

The following is an examiner's statement of reasons for allowance:

In view of the personal interview with the applicants' representative of June 16, 2005 and the amendment/response filed June 17, 2005 in which it was established that the prior art did not teach the claimed ***blocked sulfonated polyimide comprising blocks*** or sequences represented ***by the formula (I), wherein x is a real number from 5 to 9 in formula Ix and y is a real number from 5 to 10 in formula Iy which is indicative of the block structure of the claimed sulfonated polyimide;*** whereas the ***block sulfonated polyimide exhibits improved mechanical properties attributable to the block structure of the sulfonated polyimide;*** thus, the claims 1 and 5-30 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
